

24/7 SEATING TO NEW HEIGHTS

3150 TWO-STEP TASK STOOL

The 3150 Two Step Task Stool takes 24/7 seating to new heights. This distinctive stool-height 24/7 chair has a 550 lb. weight capacity and comes with adjustable footrest and seat depth. Whether you need casters or glides, this heavy-duty stool will stay upright and ease your mind with the unbeatable Concept Seating warranty.

— KEY — POINTS

ERGO AIR SUSPENSION SYSTEM™ - Our Ergo Air Suspension (EAS²) dissipates the occupant's weight over the entire chair surface improving blood flow and increasing oxygen levels to tissues. Improved blood flow and increased oxygen levels improves concentration and productivity and decreases fatigue. EAS² conforms to the shape of each occupant, as it almost instantly bounces back to original shape when weight is lifted. No springs eliminates the chances of squeaky or flattened springs.

REPLACEABLE COVERS - Covers can wear, but our frames are virtually indestructible. Bring back that 'brand new' look in minutes even after years of 24/7 service. Covers can be held on by hook-and-loop and can be replaced in a matter of minutes. Back rest requires a screw driver.

SAFETY CASTERS - Smooth, dual wheel design with a spring action that won't roll away unless there is weight in the chair. Dual connection points eliminate rattle for a smooth roll.

ALL STEEL FRAME - Ten gauge steel maintains original tensile strength and rigidity over years of 24/7 heavy duty use.

ADJUSTABLE ARMRESTS - No tools are required to adjust. You can choose style, width and height for customized comfort, security, and support. Optional Pivot Arms will pivot out of the way either forward or backward.

WARRANTY - The best warranty you'll never need. The chair is covered by a 6 year warranty that includes product failure. The steel frame is warranted for 10 years with a weight limit of 550 lb. in a multi-shift environment.

3150 TWO-STEP TASK STOOL
